

# FloraLife® Evergreens Spray

Before you begin adding fresh cut flowers or other adornments to your evergreens, spray on a thin coat of FloraLife® Evergreens Spray for healthier and longer lasting greens. This ready-to-use spray is safe for all evergreens. Drying clear with no pesky residue, this liquid shield aids in holding in moisture, resulting in less needles dropping. Perfect for use with evergreen greens, trees, wreaths, or garlands it reduces drying, browning, and wilting providing optimal longevity and maintaining color vibrancy. There is also a dip application good for use with cut evergreens that will be used in arrangements, corsages, boutonnieres, wedding designs, or stand alone as a cut tree. After you apply the product, allow 30 minutes drying time at room temperature before decorating or putting into a cooler.

## Features and Benefits

- Spray is ready to use, no mixing required.
- Spray dries to a clear finish with no residue.
- Safe to use with evergreen greens, trees, wreaths, or garlands.
- Aids in holding in moisture, resulting in less needles dropping.
- Reduces dehydration, browning and wilting.
- Provides optimal longevity and maintains color vibrancy of evergreens.

## Use Direction

- Spray cut evergreen branches, wreaths, garlands, and cut trees before they are decorated with a thin coating of FloraLife® Evergreens Spray solution.
- Cut evergreens used in arrangements, corsages, boutonnieres, and wedding designs can also be dipped in FloraLife® Evergreens Liquid Refill. Simply pour the product into an open container and submerge the cut evergreens in it for 2 to 3 seconds.
- After you apply the product, allow 30 minutes drying time at room temperature before decorating, putting into a cooler or putting stems into a vase.
- Sprayer bottle can be refilled with FloraLife® Evergreens Liquid Refill. No mixing required.
