

## Bulb Food Clear 300

### Clear bulb flower food

*powder*

Bulb Food Clear 300 is a clear fresh flower food formulated to hydrate and nourish fresh cut bulb flowers for the maximum enjoyment of the customer. This product is specially formulated to work best on tulip, iris, lily, alstroemeria and freesia. Bulb Food Clear 300 can be used with mixed bouquets and all flower varieties.

#### For Florists and End Consumers

##### Features and Benefits

- Unique ingredients enhance bulb performance with an increased vase life versus standard flower food formulas.
- Prevents premature bent neck and stimulates water uptake. Bulb food solution works to reestablish the nutrient balance once the flower is harvested.
- Suitable for use in mixed or straight line bouquets containing bulbs and foliage greens.

##### Directions for use

- Remove foliage on stem which will be below the solution level in the container.
- Recut the flower stems with a clean, sharp knife or cutter.
- Make sure vase or flower container is clean prior to use.
- Mix flower food according to the packet instructions for 1 quart finished solution and pour into vase. Put stems into vase and enjoy.

##### Dosage

- Powder: Dissolve 1 scoop (40 grams) Bulb Food Clear 300 per one gallon of water. For smaller quantities, use 1/4 scoop (10 grams) per one quart (1 liter) water.

##### Container Sizes Available

- 1 quart / 1 liter packets
- 10 lb. / 4.5 kg
- 30 lb. / 13.6 kg
