

FloraLife® LEAFSHINE

Ready-to-use spray that provides a natural shine to foliage plants and fresh-cut foliage.

FINISH

www.FloraLife.com

DESCRIPTION: FloraLife® LeafShine ready-to-use spray adds an appealing shine to leaves. This product provides a natural, clean and healthy look to foliage.

CATEGORY: Finish

USE: All hard leaf foliage plants, fresh-cut foliage and fresh-cut flower leaves.

BENEFITS:

- Adds an appealing, natural and non-oily shine to plants and foliage.
- Reduces water evaporation of leaves and keeps foliage clean longer.

WHO: High volume users, growers, shippers, bouquet makers, wholesalers, supermarkets, florists and event planners. For professional and at home use.

WHY:

- Shines up foliage for a cleaner appearance of green potted plants, fresh-cut foliage, and fresh-cut flower leaves.
- Provides a “natural” shine, not an oily appearance.
- Keeps foliage clean longer, as there are no oily residues to attract dust.
- Removes and keeps water spots and calcium deposits away.
- Ready-to-use product has easy to use sprayer nozzle.
- Reduces water evaporation of leaves.
- Provides a pleasant, natural scent; no offensive odor.

#84-10155	250 ml	English, French, German, Dutch, Italian, Polish, Russian, Czech	12

DOSING:

- This is a ready-to-use product, no mixing required.

USAGE:

- Suitable for most foliage plants except those with fragile or hairy leaves, succulents, and ferns. Avoid spraying on flower blooms and buds.
- Shake can vigorously before spraying on foliage.
- Spray lightly on tops of hard foliage type leaves from a distance of 30 – 40cm (12 – 15 inches) from the plant or foliage. Move the can side to side to get a more even coverage of spray and better effect. Hold can upright when spraying.
- Allow 5 minutes to dry before wrapping or covering the sprayed plant or foliage to assure an appealing shine.
