

FloraLife® Express

PREMIUM Clear 100

Express Clear 100 is a revolutionary fresh cut flower hydration and treatment solution that allows for an enhanced water uptake process after harvest. This **premium** solution is perfectly formulated with ingredients to keep fresh cut flowers looking fresh, maintaining optimal vase life, and improving quality. This product is appropriate for use with all flower types.

BENEFITS

- Provides hydration and treatment to flowers.
- Ability for repeated use of the hydration solution for up to 7 days.
- Promotes uniform bud opening during vase phase.
- Proven to maintain optimal vase life in certain flower varieties.
- Reduces product loss, waste management, equipment maintenance, production space and handling.
- Appropriate for use with all flower and foliage types.
- Promotes a more balanced formula to lower pH and increase speed of hydration than current available treatments.
- Less handling of flowers results in reduced stress and mechanical damage, limiting the chance for pathogens to be introduced into the flower.
