## LIQUID LEAFSHINE

Non-aerosol, ready-to-use liquid LeafShine spray formulated to provide a natural shine to foliage plants and fresh-cut foliage.

FINISH

[www.FloraLife.com](http://www.FloraLife.com)

**DESCRIPTION:** FloraLife® Liquid LeafShine is our next generation finishing spray that offers an alternative to aerosol leaf shine products with a refillable solution. Thanks to its new and innovative fine-mist sprayer, the water based solution delivers a liquid that results in a clean, even and shiny finish similar to that of an aerosol spray.

**CATEGORY:** Finish

**USE:** Plant and fresh-cut foliage.

**BENEFITS:**

- Non-aerosol alternative. A water-based formula delivered in refillable packaging.
- Dries quickly with no wiping required, leaving behind no residue or streaks.
- Provides a natural shine, not an oily appearance.
- An innovative sprayer that delivers an even, ultra-fine mist with the performance of an aerosol.
- Ready-to-use – No mixing or dilution needed. Simply shake and spray for a professional, streak-free shine.

**WHO:** Bouquet makers, wholesalers, garden centers, supermarkets, florists, event planners and consumers.

**WHY:**

- Keeps foliage clean for longer as there are no oily residues to attract dust.
- Removes and keeps water spots and calcium deposits away.

Item Code	Container Type	Container Size	Case Pack
83-17026	Bottle	16 fl oz	12
83-17027	Jug	1 Gallon	6

**DOSING:**

- Ready-to-use product.

**USAGE:**

- Shake well before use.
- Hold container upright when spraying.
- Spray lightly on top of foliage/leaves from an approximate distance of 6 inches (15cm). Move the container side to side to get a more even coverage and better effect.
- Drying time depends upon the type of foliage. Allow to dry before wrapping or covering the sprayed plant or foliage. If used on fresh-cut flower foliage, allow to dry before placing in a cooler.
- When spray container is empty, refill with our 1 gallon FloraLife® Liquid LeafShine product. Simply unscrew the sprayer, refill, twist the sprayer back on and you are ready to go.
- Do not spray on flower blooms or buds.
- Suitable for most foliage plants except those with fragile or hairy leaves, succulents, cactus and ferns.
